

```

package threads;

public class java {

    public static void main(String[] args) {
        try {
            int divideByZero=5/0;
            System.out.println("Rest of code in try block");
        }
        catch(ArithmeticException e ) {
            System.out.println(e.getMessage());
        }

    }

}

```
